| Alternative Catalog Number | LKT-A8070-25,LKT-A8070-100,LKT-A8070-500                                             |
| Manufacturer               | LKT Labs                                                                             |
| Category                   | Biochemikalien                                                                       |
| Product Description        | Monoterpene coumarin ether found in Citrus, PPARalpha agonist, ACAT inhibitor....    |
| Molecular Weight           | 298.38                                                                               |
| Purity                     | 98%                                                                                  |
| CAS Number                 | [495-02-3]                                                                           |
| Formula                    | C19H22O3                                                                             |
| Application Dilute         | Soluble in methanol, ethanol, DMSO (50mM), and ethyl acetate.<br>Insoluble in water. |
