| Product Description        | NIR-DyLightFree Dye Control Assays are used in conjunction with NIR-DyLight Tracer Assays. The Free Dye Control enables determination of background noise. *Dylight is a registered trademark of Thermo Fisher Scientific, Inc. and its subsidiaries.... |
| Target                     | Background fluorescence levels                                                                                                                                                                                                                           |
