| Immunogen                  | recombinant DnaJ of Chlamydomonas reinhardtii Q66YD3                                                                                                                                                                                                          |
| Product Description        | DnaJ (Dna J) is prokaryotic heat shock protein which interacts with Hsp70-like protein DnaK in E. coli. This protein is involved in a variety of different biological processes in a living cell including protein transport cell response to high tempera... |
| Clonality                  | Polyclonal                                                                                                                                                                                                                                                    |
| Molecular Weight           | 44   40 kDa                                                                                                                                                                                                                                                   |
| NCBI                       | <a href="#">5716506</a>                                                                                                                                                                                                                                       |
| UniProt                    | <a href="#">Q66YD3</a>                                                                                                                                                                                                                                        |
| Purity                     | Serum                                                                                                                                                                                                                                                         |

|                    |                                                |
|--------------------|------------------------------------------------|
| Form               | Lyophilized                                    |
| Antibody Type      | Polyclonal Antibody                            |
| Application Dilute | 1 : 5000 (WB)                                  |
| Application Notes  | For reconstitution add 200 µl of sterile water |
