| Host                       | Rabbit                                                                                                                                                                                    |
| Category                   | Antikörper                                                                                                                                                                                |
| Application                | ELISA, IF, IHC, WB                                                                                                                                                                        |
| Species Reactivity         | Plant                                                                                                                                                                                     |
| Immunogen                  | Native papain isolated and purified from Carica papaya                                                                                                                                    |
| Product Description        | Papain (EC=3.4.22.2) is a cysteine protease which belongs to peptidase C1 family. Can cause an allergic reaction in humans. Alternative names: Papaya proteinase I, allergen= Car p 1.... |
| Clonality                  | Polyclonal                                                                                                                                                                                |
| Molecular Weight           | 38.9 kDa                                                                                                                                                                                  |
| Purity                     | Immunogen affinity purified IgG in PBS.                                                                                                                                                   |
| Form                       | Lyophilized                                                                                                                                                                               |
| Antibody Type              | Polyclonal Antibody                                                                                                                                                                       |
| Application Dilute         | 1 : 1000-1 : 100 000 (ELISA), (IF), (IHC), (WB)                                                                                                                                           |

#### Application Notes

Antibodies have been purified using solid phase affinity chromatography and are stabilized with dextran
