| Application                | ELISA                                                                                                                                                                                                          |
| Immunogen                  | Recombinant Chamaecyparis obtusa polygalacturonase protein, amino acids 51-514, UniProt:Q7M1E7                                                                                                                 |
| Product Description        | Polygalacturonase (PG) is an enzyme (EC 3.2.1.15) involved in cell wall biogenesis/degradation and food ripening. Belongs to glycoside hydrolase family 28. Alternative names: Pectinase, allergen Cha o 2.... |
| Clonality                  | Polyclonal                                                                                                                                                                                                     |
| UniProt                    | <a href="#">Q7M1E7</a>                                                                                                                                                                                         |
| Purity                     | >95%, Protein G purified to a total immunoglobulin G fraction.                                                                                                                                                 |
| Form                       | Liquid                                                                                                                                                                                                         |
| Antibody Type              | Polyclonal Antibody                                                                                                                                                                                            |
| Application Dilute         | to be determined by end user                                                                                                                                                                                   |
